Subject: Pupil work

Thank you all for helping with on-line learning.

The live lessons have gone well . We realise there are a couple of hiccups to iron out but staff have enjoyed seeing so many pupils joining in lessons.

As well as the live lessons children have access to workbooks, Mathletics and Lexia

Resources and worksheets that will be needed for next week's live lessons should be collected from school this Friday between 12 and 2pm

The resources will be in a polypocket with your child's name on, outside the hall door.

Next week's timetable will be sent out Friday afternoon.

There will be no live lessons on Fridays instead we will have Feedback and Finish off Fridays

Support staff will contact pupils to have a chat about the work they have done during the week.

Staff will also make calls to ensure the well-being of all pupils.

Please regularly check your emails and your child's Hwb account for messages as we will update regarding live lessons and school openings.

Please note Karen works at another school on Thursdays and Fridays so any emails you send those days will not be answered immediately.

We hope it is not too long before we can welcome you back to school but in the meantime, stay safe
