Streaming Acceptable Use Policy.docx;

orning all

The local authority has contacted all schools and requested that parents read and sign the attached policy in relation to Teams meetings to ensure compliance with General Data Protection Regulations.

***you could respond to this email by 6pm today with an answer of
yes, you accept the policy or
no, you do not accept the policy***

We can keep a list for now to ensure compliance and can have the signed forms when we return to school

Thanks very much for your help.

Karen
